Dear Sir or Madam:

I have been associated with Ian Roebuck Crane Hire for many years in my role as Plant Services Supervisor and more recently as Maintenance Coordinator. We operate a chemical processing plant in Kapuni and use of cranes is crucial to on going Maintenance either for breakdowns, 3 yearly Turnarounds or normal every day Maintenance.

We utilise Ian Roebuck Crane Hire as our preferred provider of crane services because of their professional attitude and presentation. All drivers are excellent at what they do and will go out of their way to make sure the job is completed safely and on time. All of their cranes are first rate and are all kept up to the highest standards.

I would recommend them to any company to utilise their skills and expertise for all lifting solutions. I can be contacted to answer any queries willingly.

Sincerely,

A handwritten signature in blue ink, appearing to read "K. Asher", with a long horizontal stroke extending to the right.
