Western Auto Services Ltd is the approved tow and storage provider for the NZ Police in North Taranaki. Before being awarded this contract, we had to prove that we were capable of fulfilling this roll. This meant we had to have the ability to salvage anything from a motor scooter to a fully laded tanker. The only way we could see to achieve this was to align ourselves with Ian Roebuck Cranes. The specialized equipment they have from long reach hiabs to road cranes is immense. The safety standards they work to are very reassuring when out in the field. Response times are 2<sup>nd</sup> to none 24hrs a day, 365 days of the year. We would, without doubt recommend Ian Roebuck Cranes for any lifting or carting work.

Warren Richardson
