Ian Roebuck Crane Hire Ltd,
Corbett Rd,
Bell Block,
New Plymouth.

1st March 2011.

RE: Ian Roebuck Crane Hire Ltd.

Ian Roebuck Crane Hire has provided heavy lift crane hire services to Whitaker Civil Engineering Ltd for in excess for 20 years.

Many of the projects this company has assisted with have involved difficult lifts in challenging site conditions.

A recent example where this was demonstrated was during the erection of the Te Rewa Rewa Bridge across the Waiwhakaiho River near New Plymouth in March 2010.

The Ian Roebuck team have always demonstrated a hire level of expertise and operational safety on the Whitaker Civil Engineering Ltd worksites.

Yours faithfully,

Chris Stayt

Deputy General Manager

Whitaker Civil Engineering Ltd.
